## TRIGGERS SETTINGS

To enable the automatic sending of SMS, it is mandatory to configure triggers.

Click this button to create a group. It will allow you to prioritize the different triggers you create (cycling, triathlon, hill climb, info, etc.), then select the group you have created. Each group can contain multiple triggers linked to different SMS templates.

Then click **ADD TRIGGER** to open the drop-down menu.

Choose the trigger type.

**LOOP** : sends a SMS to each passage of the competitor on this loop

**CHECKERED FLAG** : sends a SMS when the competitor has finished his race

## LOOP SETTINGS

To configure the loop for this trigger, you must Select in the menu the decoder and loop used for the trigger, and then assign the trigger to a previously created SMS template.
